

CLOS TROTELIGOTTE, EMMANUEL RYBINSKI
CAHORS MALBEC "KLYS"
2015

The family vineyard, entirely replanted in 1987 by Emmanuel's father, is a single block of 29 acres located on the unique plateau of iron-rich limestone of Villesèque, small village situated at an elevation of 1,400 feet.

Certified sustainable culture since 2005, the entire estate is in conversion to *organic certification* since 2010 and 2013 is the start of a Biodynamic practice.

Fascinated by his Terroir, each of Emmanuel's wines is the expression of a single parcel selection showcasing the different level of concentration of iron in its soil. All his cuvée are given a name starting with the "K" of Cahors, "Klys" or "Calisse" means the chalice in French, which is a suited name for this wine that intend to epitomize the depth of Cahors terroir heritage.

SOIL TYPE _____

On the plateau of Cahors made of Clay and "Siderolithique" limestone . Iron rich type of soil that gives finesse and texture.

VARIETAL _____

100% Malbec – Yield: 35 hl/H or 1 ton/acre

CULTURE _____

Organic fertilization, natural grass cover, strict de-budding, green harvest, thinning-out of leaves around the grape.
 All this work allows them to control the yields and allow better health condition and a significant reduction of treatment.

VINIFICATION _____

Cold maceration before fermentation during 5 days at cold temperature.
 Long fermentation at low temperature during 30 days with manual punching of the cap. Natural yeast and no enzymes.
 Aged for 24 month in 30hl new ad old French oak "foudre" followed by 15 month settling in concrete vats. Bottled with no fining and no filtration.
 600 cases production.

TASTING NOTES _____

Ripely spicy and full of black berry and plum. This wine is deeply mineral and packed with richness for the future. The terroir of Iron is shining through this wine providing elegance and distinction of tannins while preserving a plate cleansing acidity.
